

L. E. D.

This isn't going to be the greatest of publications but it will have to do till something better comes along. So please excuse the format for now.

Well what's happening !! A lot ---

Everyone got together in December and elected a new Board of Directors. For those who for whatever reasons were unable to make it, These are the guys who will try to guide our rickitty rocking club thru the next six months. By then you all will have had enough of that and will go out and get a group of wheeler dealers who will really get us cooking. Here are the guys and doll to watch out for;

Your El Presidenty is Bob WDBMNU
Your President of Vice is Paul NBFVF
Your Secretaty extrodinar' is Mike NOADN
Your Treasurer is "Sharp Pencil" Dave WBSVQU

To keep these animals from running amuck, are the the bastins of propriety Our men and doll of steady hand and steely eye.

Director Dick N9AKZ	Director Jerry N8GRY
Director Virginia N8EOA	Director John K8UBU

Kiddin' aside, we all hope to have a good program for the club at least til July when we go into the new term for Officers and Directors.

The club's main thrust right now is to get the 1970 By-Laws updated and into effect. Toward that goal, Jack K8BBOG, Virginia N8EOA and Bob WDBMNU set up the enclosed proposed renewed Constitution and By Laws. Please read them over and be prepared to vote them in at Feburary meeting.

The committee recognizes that there will be some good thoughts coming from you people but our primary problem is the present By Laws are wholly inadaquent and do not provide us with a clear guide to conduct our business. The committee believes that the majority of the new proposal is acceptable. As you read this document you will note there is a specific procedure under which changes can be made. Any changes you have can be made by that process while the club functions under the newer more precised plan. We therefore ask that you approve the committees work without any further delay.

Considering the size of the LED this time, we'll break it off for now. There are other projects and activities in the works for this year. They will be covered in later publications. Look forward to seeing all of you at the next meeting.

A plea for help is not unanswered by Hams, what a dirty way to get some articles for the L E D. If any one has something to offer it will be happily accepted. Give your articles (they don't have to be written by yourself—they could be jokes - articles seen in other publications— cartons etc) to Mike NOADN.
